LE PENTAGONE CHANDELIER

DESCRIPTION

Le Pentagone chandelier is made from heavy wall brass tubes. The five square tubes terminate at each end of a round tube which is offset at various angles. Each round tube terminates with a frosted tubular bulb. These 20 lights create a round circle of light offset from the center pentagonal structure. The electrical cord suspends this brass body at any desired drop length. Ceiling plate is milled of solid brass.

FINISHES

Shown in Lite Antique Bronze (standard). Also available in Oil Rubbed Bronze, Polished Nickel, and Satin Nickel. Please note: All finishes may vary slightly.
