

LE PETITE PENTAGONE CHANDELIER

DESCRIPTION

Le Petite Pentagone chandelier is made from heavy wall brass tubes. The square tubes terminate at each end into a round tube which is offset at various angles. Each round tube terminates with a frosted tubular bulb. These 20 lights create a round circle of light offset from the center pentagonal structure. The electrical cord suspends this brass body at any desired drop length. Ceiling plate is milled of solid brass.

FINISHES

Shown in Satin Nickel. Also available in Lite Antique Bronze (standard), Satin Nickel, Polished Nickel, Oil-rubbed bronze. Please note: All finishes may vary slightly.
