## LE PETITE PENTAGONE CHANDELIER

### DESCRIPTION

Le Petite Pentagone chandelier is made from heavy wall brass tubes. The square tubes terminate at each end into a round tube which is offset at various angles. Each round tube terminates with a frosted tubular bulb. These 20 lights create a round circle of light offset from the center pentagonal structure. The electrical cord suspends this brass body at any desired drop length. Ceiling plate is milled of solid brass.

### FINISHES

Shown in Satin Nickel. Also available in Lite Antique Bronze (standard). Please inquire about our other finishes. Note: All finishes may vary slightly.
