LE DIAMANT CHANDELIER

DESCRIPTION

Le Diamant chandelier is made from heavy wall brass tubes. The four square tubes terminate at each end at a round tube which is offset at various angles. Each round tube terminates with a frosted tubular bulb. These 8 lights create a diamond shape of light offset from the center diamond structure. The electrical cord suspends this brass body at any desired drop length. Ceiling plate is milled of solid brass.

FINISHES

Shown in Lite Antique Bronze (standard). Please inquire about our other finishes. Note: All finishes may vary slightly.
